Charlotte ASNT Training Course: 
Introduction to Phased Array Ultrasonics

DATE: Saturday, January 23, 2016
TIME: 8:00am to 5:00pm

LOCATION: Structural Integrity Associates
11515 Vanstory Dr., Suite 125
Huntersville, NC 28078

COST: $90.00 for ASNT Member
      $165.00 for Nonmember (One year ASNT membership included)

AUDIENCE: Individuals interested in acquiring knowledge about Ultrasonic Phased Array theory and techniques. Conventional UT experience not required, but would be helpful.

LEARNING OUTCOMES: Gain an understanding of how ultrasonic phased array technology works and understand where this NDT technique can be utilized in industry. Get hands on experience testing with phased array ultrasonic equipment. (0.7 Continuing Education Units (CEU) can be earned through this course)

REGISTRATION: E-mail Jeff Milligan (jmilligan@structint.com) if you are interested in attending.

Deadline for registration is January 8th.

Because space is limited for this class you will be notified on Jan 11th if you are accepted and then be given an application and payment information. Questions e-mail or call Jeff at 980-333-3073.
